## Active Reward Cheques

Active's Reward Cheques provide a great, simple solution for any type of reward scheme, whether you are targeting sales people, employees or customers. With brandable launch packs, cheques and supporting microsite they offer a complete, packaged reward solution.

### Active Reward Cheques

Reward cheques can be supplied in any denomination of points or £'s and can be branded with your scheme name... they can be given as individual cheques or collected as part of an ongoing reward scheme.

### Launch Pack

Active can provide stylish presentation packs to launch the scheme. The packs include a range of standard pages e.g. 'introduction', 'explanation of the scheme', 'claim form', 'list of rewards available' etc. The pack is supplied with 'standard copy' that can then be tailored to create your own personal pack.

### Reward Packs

Reward Cheques can be presented as they are, or provided in a reward pack which gives full details of the rewards available and how to claim.

### Personalised Website

The scheme is also supported by a microsite which allows you to communicate further details about the scheme, and allows 'reward cheque' recipients to browse the prizes on offer.
